

Poker Night

One 2 One are adding their winning formula of Speed Dating to a singles Poker Night. There will be professional poker players to give demonstrations, hands-on instructions and to set up tournaments so that even those who haven't got a clue as to how poker is played have a fantastic time. Although betting is crucial to poker, One 2 One is taking the pressure out of it, and there will be no money involved. This is poker for the pure fun of it!

A One 2 One event wouldn't be complete without Speed Dating, so all participants will be handed a Matchcard (with the names of all of the opposite sex attending) when they arrive. It is then up to them to go filling in the appropriate boxes as they meet each other, deciding whether or not they would like to pursue something more with those they have met. At the end of the evening all the confidential Matchcards will be collected by the organisers and the results will be compiled over the next couple of days. Please check out the section on Speed Dating to learn more about how it all works.

This event is a must for all those keen on making new friends of both sexes; having a fantastic night out; and especially for those on the look-out for that special someone...

The Poker Night is taking place on Saturday 27th June and there are limited places available so contact Theresa or Carla to book your ticket.
